

Pulmo alfa®

Supplementary feed for cats and dogs

Supports the physiological defences of the respiratory tract

CONTAINS
ICELAND MOSS

i

Liquorice contains sweet-tasting glycyrrhizic acid.

Watercress is as a natural source of vitamin C and sulphurous substances.

Ribwort extract and **Iceland moss** contain beneficial mucilage.

Ivy provides other valuable secondary plant substances, which support the physiological defences.

Pulmo alfa® is a high-quality biological supplementary feed with plant substances that support the physiological defences of the respiratory tract. It also contains beneficial natural flavourings [ivy extract and mallow tincture].
