

Canigum® Fluu

Complementary feed for dogs

With nasturtium

Nasturtium supplements the diet with secondary plant compounds.

Zinc is an essential factor for the immune defence.

Canigum® Fluu contains the trace element zinc, which is important for the immune defence, as well as vitamin C and B vitamins. In addition, **Canigum® Fluu** provides plant-based components that supplement the diet with secondary plant compounds.

Composition:

Meat and animal by-products, nasturtium 10%, glycerine, propylene glycol, pregelatinised rice starch, duck fat, glucose syrup, sodium chloride

Feeding recommendation:

To be fed with meals.

Dogs with a weight of:

up to 5 kg	2 x daily	½ to 1 chew drop
> 5 kg to 8 kg	3 x daily	½ to 1 chew drop
> 8 kg to 15 kg	4 x daily	½ to 1 chew drop
> 15 kg to 20 kg	3 x daily	1 to 2 chew drops
over 20 kg	4 x daily	1 to 2 chew drops

It makes sense to split the feeding of **Canigum® Fluu** into as many individual portions as possible (each given at feeding time).

Recommended feeding period: 1 to 2 weeks

Notes:

The product is very palatable and can also be used for administering tablets. Exceeding the feeding recommendation is not recommended.

Do not store above 25°C; store in a dry place. Reseal the bag tightly after use.

Do not feed to cats and keep out of the reach of cats.

Shelf life:

24 months

Pack size:

80 g bag

contains approx. 40 palatable chew drops
