

# FeliGum® L-Lysine

Complementary feed for cats

With L-lysine

**L-lysine** is an essential amino acid that cannot be produced by the body and therefore needs to be absorbed with food.

Complementing diet with L-lysine is particularly recommended for cats suffering from cat flu.

**FeliGum® L-Lysine** are exceptionally tasty and soft chewable drops that complement the diet with L-lysine.

## Composition:

Meat and animal by-products, sorbitol, glycerine, rice-based starch, glucose syrup, sodium chloride
