

PulmoDrops®

Supplementary feed for dogs

Chewable drops to support the physiological defenses of the respiratory tract

Licorice contains sweet-tasting glycyrrhizic acid.

Watercress is a natural source of vitamin C and sulfur-containing substances.

Marshmallow root contains many beneficial mucilage substances.

Ivy and **fennel** provide additional valuable phytochemicals.

PulmoDrops® are a high-quality biological supplement containing plant substances that support the physiological defenses of the respiratory tract.

Composition:

Corn, licorice root 10%, poultry meat meal, [watercress, fennel seeds, ivy leaves, dried, marshmallow root] ground 5% each, poultry fat, beetroot, ground, whey powder, glucose, dicalcium phosphate, calcium carbonate
