

# ReConvales® Gastro Balance

Feed supplement for cats and small dogs

## Secondary plant substances to support the gastric mucosa

**Slippery elm bark** and **marshmallow root** contain a high proportion of natural mucilage.

**Magnesium oxide** and **calcium carbonate** have acid-regulating properties.

**Fenugreek** stimulates the appetite and digestive functions.

ReConvales Gastro Balance® also contains extracts of **fenugreek**, **licorice**, and **chamomile**.

**ReConvales® Gastro Balance** supplements the diet with a selected combination of different plants containing useful mucilage. In addition, it provides vital vitamins and trace elements and is extremely tasty.

### Composition:

Vegetable by-products [slippery elm bark 0.7%, marshmallow root 0.5%, lemon balm leaves, extracted], meat and animal by-products, oils and fats, minerals [calcium carbonate 0.6%, magnesium oxide 0.08%]

### Preservatives

### Feeding recommendation:

It is advisable to divide the food portion into several small meals per day. ReConvales® Gastro Balance should be given pure before meals to support the gastric mucosa as well as possible.

Alternatively, it can be given with wet or dry food.

Cats receive 5 ml 2 x daily

### Dogs receive

up to 10	kg	Body weight	3 x daily	7.5 ml
from 10 - 15	kg	Body weight	3 x daily	10 ml
over 15	kg	Body weight	3 x daily	12.5 ml

Recommended period of use: 7 - 12 days.

It is recommended that advice from a veterinarian be sought before use or before extending the period of use.

### Notes:

When giving medication, a period of at least 2 hours should be observed between administering and feeding ReConvales® Gastro Balance.

Fresh water should always be freely available.

### Further indications:

No colourings or preservatives. No added sugar, soy or gluten.

Store in fridge after opening and use within 10 days.

**Durability:** 36 months

**Trading form:** 3 x 90 ml

## Marshmallow root

*Althaeae radix*
