

RodiCare® Pulmo

Complementary feed for dwarf rabbits, guinea pigs and small rodents

To support the physiological defense mechanisms of the respiratory tract

i

Licorice contains sweet-tasting glycyrrhizic acid.

Watercress serves as a natural source of vitamin C and sulfur-containing compounds.

Plantain and marshmallow root contain many soothing mucilaginous substances.

Ivy provides additional valuable secondary plant compounds that support the body's natural respiratory defenses.

RodiCare® Pulmo is a high-quality nutritional supplement enriched with plant-based substances that support the natural defense mechanisms of the respiratory system. It also contains soothing natural flavoring agents [ivy extract and marshmallow tincture].

Composition:

[Plantain, watercress] macerated 2% each, licorice root juice 1%, [marshmallow root, ivy] ground 0.1% each

Analytical constituents:

Crude protein	0,4 %	Crude fat	0 %
