

# RodiCare® Senior

Complementary feed for rabbits, guinea pigs, and small rodents

With ginseng, ginkgo, and hawthorn

NO ADDED  
SUGAR

Ginseng, ginkgo, and hawthorn supplement the diet with secondary plant compounds.

The glycosaminoglycans (GAGs) chondroitin sulfate and glucosamine are essential cartilage components, needed for water retention and elasticity.

Willow bark contains salicin, which is converted into salicylic acid in the body.

Nettle naturally stimulates urine production.

L-carnitine plays an important role in the heart's energy metabolism.

## Composition:

Hawthorn, macerated 10%, Glucosamine 2%, Bromelain powder 2%, Chondroitin sulfate 0.5%, [Ginseng, dried ginkgo leaves, willow bark, hawthorn, dried nettle leaves], ground, each 0.1%

## Analytical Constituents:

Crude protein	2,4 %	Crude fibre	0,4 %
Crude fat	2,2 %	Crude ash	2,4 %
Sodium	0,2 %	Moisture	83,6 %

## Additives per 1000 ml:

<i>Nutritional additives:</i>	
L-Carnitine	10.000 mg

## Flavouring compounds:

Ginkgo extract	125 ml
Ginseng tincture	100 ml
Willow bark extract	100 ml
Nettle extract	100 ml

## Feeding Recommendation:

Administer via food or directly into the mouth.

According to body weight:

Dwarf hamster, mouse:	2-3 x tägl.	0,05 ml
Hamster, Degu:	2-3 x tägl.	0,1 – 0,15 ml
Rat, Chinchilla:	2-3 x tägl.	0,15 – 0,2 ml
Guinea pig, dwarf rabbit:	2-3 x tägl.	0,25 – 0,3 ml
Rabbit:	2-3 x tägl.	0,35 – 0,5 ml

For long-term use, dosage may often be reduced to once daily.

## Notes:

Fresh drinking water should always be available.

Shake well before use!

Rinse syringe after use.

Store below 25 °C and protected from light.

Use after opening.

Shelf life: 24 months

Packaging: 20 ml glass bottle with dosing syringe
